PROFESSIONAL SUMMARY

BCA graduate with hands-on experience developing full-stack and database-driven web applications. Skilled in Python, SQL, and software development fundamentals, with strong problem-solving and debugging abilities. Interested in building business software solutions and eager to learn Tally customization, ERP systems, and enterprise application development.

TECHNICAL SKILLS

- **Operating Systems:** Linux, Windows
- **Programming Languages:** Python, JavaScript, SQL
- **Web Development:** Django, REST APIs, Full-Stack Development
- **Backend Development:** Authentication, Authorization, API Development
- **Databases:** MySQL, PostgreSQL, SQLite
- **Software Development:** Debugging, Testing, Code Optimization
- **Developer Tools:** Git, GitHub, VS Code, PyCharm, Postman
- **Core Skills:** Problem Solving, Technical Troubleshooting, Database Management
- **Soft Skills:** Communication, Team Collaboration, Time Management, Quick Learner

EXPERIENCE

- **Eqsoft Business Solutions Pvt. Ltd. – Customer Support Analyst Trainee:**
 - Assisted in financial year-end processes including year creation and service extension in the ERP/software system.
 - Used SQL to extract and organize customer data for internal reporting and tracking.
 - Updated and maintained customer details in Excel sheets, ensuring records were accurate and current.
 - Maintained database records to keep customer information accurate and up to date.
 - Logged and tracked customer issues in the CRM to ensure timely resolution.

PROJECTS

- **GreenBasket – AI-Driven Grocery Platform:**
 - Built a Django-based grocery platform with RESTful APIs and role-based authentication.
 - Implemented AI-powered product recommendations using Cosine Similarity and BERT.
 - Integrated geo-location-based shop search, inventory management, and secure payments.
 - Used SQLite, Pandas, Scikit-learn, Git/GitHub, and deployed on Render.
- **ElectroMart – E-Commerce Platform:**
 - Developed an e-commerce web application using Django with cart, checkout, and authentication.
 - Integrated MySQL for product and order management.
 - Designed responsive UI using HTML, CSS, and JavaScript.
- **FilmWise – Movie Recommendation System:**
 - Created a content-based movie recommendation system using Python and Cosine Similarity.
 - Processed movie metadata using Pandas and Scikit-learn.
 - Built the interface using Django templates with HTML and CSS.

EDUCATION

- **Bharatiya Vidya Bhavan's S Ramakrishnan Memorial Public School – Commerce with Informatics Practices:**
Akamala Wadakkanchery, Thrissur Apr 2020 – Mar 2022
- **IHRD College of Applied Science Pazhayannur – Bachelor of Computer Applications (BCA):**
Thrissur Jun 2022 – Apr 2025

CERTIFICATIONS

- TCS iON - Statistics using R and Python: Fundamentals of statistics and data analysis using R and Python.
- Cisco Networking Academy - Python Essentials 1: Python programming fundamentals, including data types, control flow, functions, and problem-solving.

LANGUAGES

- English - Professional working proficiency
- Malayalam - Native
- Hindi - Basic conversational
